Event Description:

The **¡No Más!** movement is about changing the conditions of North Clinton Avenue and the surrounding area. Drug sales, drug use, and needles are left all over the neighborhood. These activities will no longer be tolerated in this way. We need a better space for all to work, live, play, worship and visit in this neighborhood. **¡No Más!** is a peaceful demonstration with a strong message... We love you, we want to help you, but we do not love what you are doing to our community.

¡No Más! also provides awareness to opportunities for treatment and job training.
